

# Philippine Green Building Council NATIONAL CONVENTION

17-21 November 2017 | Manila, Philippines

## Message from the Managing Director PCM Manila

PCM Asia is pleased to send its warmest greetings to the Philippine Green Building Council (PHILGBC) for hosting the 2017 PHILGBC National Convention, the largest gathering of green building leaders from the Philippines' building and construction industry and National Green Building Councils in the Asia Pacific region.

The convention's objectives which bring forth pertinent and fruitful exploration among green building colleagues in the public and private sectors is an effort being supported and continued to promote green buildings ensuring a sustainable environment.

We wish for the success of this convention in coming up with concrete and constructive recommendations in fostering the best practices in the building industry.
