

Philippine Green Building Council NATIONAL CONVENTION

17-21 November 2017 | Manila, Philippines

Message from the President

Philippine Association of Building Administrators

We would like to extend my warmest welcome and genuine congratulations to Philippine Green Building Council as it celebrates its 10th year of greening the building and construction industry.

We laud the organizers for giving opportunities to businessmen to showcase their latest green-inspired products and services in this world-class event as well as the hosting of the World Green Building Council-Asia Pacific Regional Network Meeting where representatives from 18 National GBCs shall meet at various venues to meet, discuss, and strategize to address the rapid promotion and uptake of green building in the region.

Thus, we encourage all participants to take advantage of this rare chance for when it is maximized, it can be a great opportunity for everybody involved in this industry.

We hope that with this event, exhibitors will be more inspired in creating and innovating systems and products for the betterment of future years.

To the organizers, men and women of PHILIPPINE GREEN BUILDING COUNCIL, our congratulations for another significant event in the direction of local and nation building.

May God bless us all and Mabuhay tayong lahat!

JEFFREY SOSA

President

Philippine Association of Building Administrators
